

MINI Cooper Countryman

O BMW Group Brasil convoca os proprietários dos veículos MINI Cooper Countryman fabricados entre fevereiro de 2017 e julho de 2018 a entrarem em contato com uma concessionária autorizada MINI para agendar gratuitamente a instalação de chapa de proteção na bomba de combustível.

Riscos e implicações:

Verificou-se que, em caso de colisão dianteira severa, a válvula de controle do fluxo da bomba de combustível pode se quebrar, e tal quebra pode provocar a saída de combustível, havendo, consequentemente, perigo de incêndio. Nesse caso, não se descarta a possibilidade de ocorrência de danos físicos e materiais aos ocupantes do veículo e a terceiros.

Medidas a serem adotadas pelos consumidores:

Instalação de chapa de proteção na bomba de combustível.

Agendamento e tempo de reparo:

Os serviços poderão ser agendados a partir de 5/10/2018 e levam cerca de 1 (uma) hora.

OS CHASSIS NÃO SEQUENCIAIS ENVOLVIDOS SÃO:

MODELO	DE	ATÉ
MINI Cooper Countryman	3D62590	3F91309

Os chassis envolvidos são:
